A Message from our Eastern Buckeye Region President

Welcome to Summer. I hope everyone is doing well and has found some interesting ways to enjoy their time with family, friends, and their Porsches during these unusual times.

The Club continues to idle for the most part as far as activities go. It was encouraging though that we were able to get in a Cars and Coffee over Memorial Day weekend and have a Thirsty Thursday coming up in July.

Unfortunately, we had to cancel our July DE event at Nelson Ledges this year. I do want to thank everyone for their efforts in planning and promoting the event. We had some good traction for the event, attendance for both students and instructors was looking great. We can all look forward to getting back to Nelson Ledges in 2021.

Your EBR board has continued to meet virtually and have a been busy planning activities that can be held safely. The events start ramping up in August and September is filling up nicely. As always, if you would like to plan or host an event please let me or one of our board members know.

Stay safe, active, and have some fun with your Porsche.

Award Winner

CONGRATULATIONS, CLAIRE SODUK!

Alex Sodik's daughter, Claire, won a contest held during the California Festival of Speed for an awesome drawing she did of a Porsche 944.

Written By Alex Souk

At the end of April we were in full lockdown with our two kids at home with us. At this point we were still trying to find new ways to keep the kids busy while we were trying to work from home.

I had heard about the California Virtual Festival of Speed through the PCA Sim Racing League. A lot of us have kids and were planning on having them color pictures and submit them to the kids art contest.

I let our daughter, Claire, pick out a picture she wanted to color and set her loose with a huge bag of markers, while I was on Zoom calls. She took her time and was very careful to stay in the lines. I was really impressed with the end result and we submitted it right away.

All week we watched the CVFOS Facebook page to see what other kids had submitted and were eagerly awaiting the contest results. We knew it was a great piece, but had no idea it would be chosen as a winner! I found out through the event's YouTube stream.

Soon after, we showed Claire her now famous artwork being shown on YouTube. She was so excited about her victory and couldn't wait for the prizes to come in the mail.

The whole family enjoyed the weekend of sim racing and competitive coloring and are looking forward to participating next year!

Escape to the Lake

EBR PHOTO RALLY

Our EBR Region consists of 14 Counties spread across eastern Ohio and into western Pennsylvania. Seldom do we get to the farther reaches of our region, which is a shame. There are so many great roads to explore within the EBR Region.

EBR will be holding an Escape to the Lake Photo Rally that will include a lake in every county in our region. This is a **single car event** not a coordinated driving tour, and as such it is not insured through the PCA.

The idea is simple, plot your own course to the designated counties and lakes on the list and take a photograph of your Porsche by the lake. Participants can email their pictures to EBRporscheclub@gmail.com and keep a log ([found here](#)) of the lakes you visit and the distance you traveled to the lake. If you go from one lake to the next, add the mileage together for your total distance for the day. *Note: miles to the lakes are counted, after the last lake of the trip is reached, stop counting the miles (the return trip does not count).*

We will announce the winners for the most lakes visited, most miles logged and best photograph at the EBR Summer Party on August 8th. Each category winner will receive a \$50 credit for the EBR goodies store.

PLEASE NOTE: Tony and Connie Torgersen have been traveling the lake tour and discovered Shreve Lake in Wayne County and Odell Lake in Holmes County are private lakes and inaccessible to the general public. These two lakes will remain on the tour list. Just be sure to get a picture of anything nearby of interest.

Calling all Webmasters

We are looking for a EBR member to become our new Webmaster.

It's a great opportunity for someone to showcase their Webmaster capabilities while contributing in a very meaningful way to the Club.

The EBR Board will be there to support this role but it really needs someone with the time and energy to take it to the next level.

If you are interested or know of someone that would be a good fit for the position, please contact president@ebrpca.org.

welcome

Around the Zone

Hi Zone 4 Friends and Family,

The cloud is lifting – the sun is starting to shine again. As I write this, we are anticipating the lower part of Michigan opening up and the COVID 19 restrictions lifting. Life will be returning to a ‘new normal’. Our events will start to come back to the calendars.

Thank you to all of the regions who continued to give back during the past few months. Several of you had fund raising efforts and donations to ‘fill the frunk’ and contributed to your local food banks. I know your communities are so appreciative.

PCA National has prepared a special Communicable Disease Waiver, which you will be asked to sign for any type of PCA event. By the time you read this article, this waiver could be available electronically. You need to sign once, and then are covered for any PCA event from any region, through May 2021. If you sign by paper, then the suggestion is to take a

photo with your phone and present that at future events as evidence. The waiver is one page, and does not need to be witnessed. The purpose is to inform our participants and protect our club officers from potential litigation.

Sign it, stay safe, and then we don’t have to worry about it! PCA has also prepared guidelines (not requirements!) for safe practices during events. These are not any different than we see for other activities. Your local laws, rules and venue restrictions will determine what is needed for each specific event.

Once we get back in our cars and on the road to spend time together, please take a few minutes to jot down your experiences, take a few pictures, and send them to your newsletter editor. They are starved for content, and we want to hear your stories!

Stay safe and see you soon!

OHIO VALLEY REGION HOSTS PCA AT MID-OHIO

Written by Lori Schutz, Photos by John McKean

We all look forward to the spring when we can get out with our Porsches and see all our buddies. This year was especially hard with the pandemic situation, that we haven't been able to gather in our usual ways to get ready for spring events. So we have been meeting and socializing via Zoom and other web meeting platforms, and planning, planning and more planning. Waiting for the state to lift the 'stay at home' orders when deemed to be safe to begin getting back to normal.

After months and weeks of planning, and countless phone calls and meetings – the Ohio Valley Region (OVR) High Performance Driver Education (HPDE) committee worked through all of the logistics with the Mid-Ohio track personnel for our event. On June 4th – the 2020 spring event season began with registration at Mid-Ohio for the first Higher Performance Driver Education (DE) event of the year.
