A Message from our Eastern Buckeye Region President

It is arguably the best time of year! Soon I will be getting the cars out of storage and making sure all the mechanicals are up to snuff, then a quick detail prior to logging some miles. Maybe this is the year I finally get the AC working on the 944S.

During our next Business meeting we will begin to solidify some events for the spring and summer. Keep an eye out on FB for the latest. It was great seeing everyone who came out for our Thirsty Thursday on April 1st at the Caston and Main Brew Yard.

Our EBR's membership remains strong, we currently stand at 264 Primary with 153 Co-members and 27 PCA Juniors. I encourage you to log in to your PCA.org account and verify that your information is correct, especially your address, email address, phone number, co-member, and the co-member's email.

The track committee has been working hard for the return of Eastern Buckeye PCA Monday at Nelson Ledges. There will be ample track time for all skill levels and for those that have never been on a road course, this will be a great opportunity to experience what your Porsche was meant to do. Sign up now!

As always, if you have an event you would like to put together, possibly a Dinner Drive, Rally, Driving Tour or any PCA appropriate event that comes to mind just let Cheryl or one of the EBR board members know.

Cheers, Scott

EBR Member *Spotlight*

Meet, Alex Sodik!

Alex has been a PCA member for his entire life.

Before owning his 944 Turbo, he only owned Porsche Hot Wheels cars.

What is your favorite thing about owning a Porsche?

I grew up in the club and have gotten to know so many people through EBR and PCA in general. The cars are the conversation starters that bring so many great people together as friends. When someone asks if I know someone that does _____, I have a guy that I met through PCA. Through many of my best and worst memories, my EBR friends have been there.

What is your favorite memory with your vehicle?

2009 EBR Fall Road Rally: For whatever reason, Meredith (my girlfriend at the time, wife now) and I had my dad's black 944 convertible for the rally. I had contacted the rally masters, Sean and Michelle Monigold, prior to the rally to have an additional question added to our rally questions. The final question to our personalized rally quiz was "Will you marry me". Meredith was bummed that we did not win that rally, but we have now been married almost 10 years and hope that our children enjoy the club as much as we do. Similarly to when I was a kid, there are many young families with children who will hopefully also grow up to be lifelong friends.

What is your favorite Porsche model?

944

If you could drive any Porsche for a single day, which would you choose? Why?

If I wanted to just go fast and be comfortable, it would be the latest and greatest 911 turbo. If we were spending a day just driving around though, it would be a plain jane 944 of any vintage. It was the last of the Porsches to be slow enough not to get into trouble, but fast enough to be fun to throw into a corner and power out with a smile on your face.

ALEX SHARED: "Porsche makes a great car, but the life-long friendships I have made through EBR and other PCA regions have given me and my family many great friendships, experiences, and memories that we will cherish forever."

This photo was done by Alex's daughter, Claire, and won the art contest for the California Virtual Festival of Speed in 2020.

PORSCHE CLUB OF AMERICA

Around the Zone

Hi Zone 4 Friends and Family,

Greetings – and is it spring yet? It's time to start considering getting the cover off of that Porsche in the garage, reading up on new tires, the latest in wax and polish and are you due for an oil change? Make that appointment with your favorite mechanic. For those of you planning to do some track driving at a High Performance Driving Education event, check your helmet as the 2010 are no longer allowed. Several regions host a spring tech session or spring drive so please check your region newsletter and website, as well as Facebook page, for an event near you.

And in case you aren't sure just what season this is, I found this handy-dandy guide on social media. I supposed Ohio applies to all of Zone 4. I find this quite amusing! *(photo on right)*

Registration Phase 1 for the Porsche Parade opened in February, and Phase 2 will be in early April. Watch for an announcement for a webinar in the Region Focus series that will explain the Phase 2 registration process – in eBrake news. If you aren't getting weekly email newsletters from PCA, then go to your login page on Pca.org and make sure you are signed up.

Speaking of Parade, for those of you going, there will be several update emails coming out as we get closer. Mark your calendars for Monday July 12th from 5:30-7p.m. for the Zone 4 Party at the French Lick Resort.

In this wild and crazy COVID world we've been in, there have been a few marvels happening. Perseverance successfully landed on Mars and is beaming home some fantastic photos and soon will be roaming around the planet surface. Wow. And here on earth we are experiencing our own miracles, such as the arrival of the latest Schutz Family member, my great-nephew - Felix Joseph Schutz. He's smiling at only a few hours old dreaming of his first ride in a 911!

Happy Driving, and dreaming of driving!

Lori,
Your Proud Zone 4 Representative

Eight is (not) Enough

924 shooting brake

In the 1980s, European tax laws heavily penalized sports cars, but not wagons. So the 924 DP Cargo was conceived as a salute to the taxman. In the end, only a handful were built.
